SEPTEMBER NTX MEMBERSHIP MEETING

Thursday, September 12, 2019

MEETING DETAILS:
Topic: Existing Post Tensioned Concrete Structure—How to Repair, Modify, Maintain and Evaluate
Speaker: Nate Poen (Manager, Structural Technologies)
Location: Las Colinas Corporate Center — 4th Floor Meeting Room
6363 State Highway 161, Irving Texas
Schedule:
11:00 AM—11:30 AM  Registration and networking;
11:30 AM—12:00 PM  Buffet Lunch is served;
12:00 PM—1:00 PM  Meeting and presentation
Cost: $25 for members and $35 for non-members
Registration: https://icrintx.org/event/sept-membership-meeting-19/

PRESENTATION INFO:
Speaker Bio: Nate Poen is a Manager, Strengthening Solution for STRUCTURAL TECHNOLOGIES, LLC. He aides the contracting and structural engineering communities on different methods to repair and strengthen existing concrete structures. Nate is a civil engineering graduate of Iowa State University.

Abstract: Use of post tensioning systems in concrete structures started in the mid 1950’s. By placing the concrete in compression, it increased its strength and many other benefits such as longer spans, less columns, thinner/lighter sections, reduced shoring/reshoring time, etc. which all offer both engineering and cost advantages.

Typical post tensioning prestressing steel, anchors, sheathing and protection systems have all dramatically changed since their inception. This presentation will discuss the evolution of these changes, the problems they created, repair strategies and the long-term solutions provided by the new encapsulated post tension systems that are used today.

Also presented will be modifications to post tension slabs such as penetrations, typical damage and repair, means, methods and materials used to address these problems.

JOIN ICRI! We encourage all of our industry friends to become a member of ICRI to support the organization and take advantage of the many benefits of membership. Registration is easy! Visit the ICRI registration page and make sure to include your annual membership in the North Texas Chapter ($40 per year) in addition to your national membership dues.
Hello all!

I hope everyone is staying busy, cool, and safe in these dog days of summer. It was great seeing everyone who joined us for the August Happy Hour. We hope to make those a more regular occurrence! Also, stay tuned! We have a lot in store over the next few months, with our September Membership Meeting and the Jesse Points Golf Classic in October.

Speaking of the Sporting Clay Classic, I’d like to give a huge thanks to all the participants and sponsors who helped us raise nearly $4,000 for NTX Chapter scholarships! You folks are the reason that NTX is able support industry development via our scholarship donations year after year. Everyone should be proud to know that you’ve contributed to a total of $9,000 worth of scholarships budgeted for distribution in 2019 to NTX scholarship program participants, the University of Texas at Arlington, and the Concrete Preservation Institute, which supports industry training for military veterans.

As always, be sure to tell a friend about ICRI, and don’t hesitate to reach out to a board member if you have any suggestions, or would like to help out with any future initiatives. Our board meetings, which are held every other month, are open to anyone who would like to attend. In fact, if you let us know that you’re coming, we’ll even buy you lunch! The schedule for our board meetings can be found in this newsletter, or on our website at https://icrintx.org/calendar.

See you at the meeting and golf tournament, or all of the above!

Sincerely,

Stephen V. Grelle
2019 ICRI NTX Chapter President
Future Programs & Events

See the attached calendar for all 2019 NTX dates!

- Sep. 12: ICRI NTX Membership Meeting
- Oct. 4: Golf Tournament
- Oct. 11: Board Meeting
- November 7: Membership Meeting
- November 11-13: ICRI Fall Convention (Philadelphia, PA)
- December 13: Board Meeting

Jesse Points memorial Golf Classic

The North Texas Chapter is proud to announce that our 18th annual golf tournament, Jesse Points Memorial Golf Classic, will be held on the afternoon of Friday, October 4th, 2019 at Waterchase Golf Club in Fort Worth.

A registration form is attached at the end of the newsletter.

SPONSORS—WE NEED YOUR HELP! If your company is interested in sponsoring a hole, lunch, dinner, or providing prizes, please let us know! A list of sponsorship opportunities can be found on the registration form.

We hope to see you on a beautiful Friday afternoon in Fort Worth!

Light moments from 2018 Golf Classic: Bobby Sansonetti, Eddie DeHaro, Bill Daily show off the “Last Place and Most Honest Team” trophy
This year, the North Texas Chapter was happy to award scholarships to five deserving students. A brief bio on each student is included below.

Joseph Andruss graduated from Victoria West High School in Victoria, TX. He plans to attend Texas A&M University and major in Civil Engineering.

Kyra Vreeland is from Arlington, TX. She currently attends the University of Arkansas and is majoring in Architecture. Kyra was also a recipient of the North Texas ICRI 2018 Scholarship.

Amir Girgis is from McKinney, TX. He currently attends the University of Texas at Arlington and is majoring in Civil Engineering.

Kristin Williamson is from Denton, TX. She currently attends Texas A&M University and is majoring in Civil Engineering.

Ethan Ryals is from Justin, TX. He currently attends the University of Texas at Arlington and is majoring in Civil Engineering.

We wish these students well as they begin their college careers and hope to see them in the concrete repair industry after they complete their degrees.

Once again, thank you to all of our sponsors and those who attended our Clay Shoot and Jesse Points Memorial Golf Classic! Your generosity provides the funding for these scholarships as well as the yearly scholarship to the Civil Engineering Department at the University of Texas at Arlington.
NTX holds 5th annual sporting clay classic

A beautiful but breezy Texas day welcomed shooters to the North Texas Chapter’s 5th Annual Sporting Clay Classic at the Dallas Gun Club in Lewisville, Texas. Fourteen teams battled it out for Top Team, and individual shooters vied for Top Gun honors. Once again, the four-man team fielded by All-Tex Supply consisting of Glen Turner, Harl Ray Dickerson, Scott Petty and Travis Matis came out on top with a score of 339. Past President, Patrick Jorski, led his BASF #1 team to a second place finish with teammates Jeff Lungrin, Jeremy Bridwell, and WT Dyson and a score of 307. The George D. Alan team of Brian Bruton, Carlos Sida, Jason Johnson and Derek Herchberger finished with a score of 272 to take home third place honors.

The breezy conditions made it tough on the majority of shooters, but the wind was no match for the winner of the TOP GUN Award, which went to Travis Matis, who scored 96/100. Teammate, Scott Petty, placed second with a score of 87, and Jeremy Bridwell finish third with a score of 84.

One other big winner was Brad Tolson from Sunbelt Construction Services who took home the $500 raffle prize. (Contd on Page 7)
Above: Third Place: George D Alan Team, Derek Herchberger, Brian Bruton, Jason Johnson and Carlos Sida
Below: Brad Tolson shows off his $500 prize with Chapter President, Stephen Grelle

Surface Profile Chips for Sale!

Did you know that the NTX Chapter sells ICRI Surface Profile Chips (CSP 1-10)? Let us know before a meeting and we can deliver them to you there! Your purchase supports the NTX Chapter. For more information, contact Pete Haveron at peteh@texconrest.com.

THE CONCRETE CONNECTION
This event and the Chapter’s Fall Golf Outing help to fund the Chapter’s Scholarship program. In 2019, the Chapter has donated $2000 to the Civil Engineering Department at the University of Texas at Arlington, and just recently awarded four $1000 scholarships to individual college students. University of Texas at Arlington senior, civil engineering major and scholarship recipient, Ethan Ryals, made it out for the Sporting Clay event, and thanked the Chapter for the financial support.
2019 ICRI Fall Convention

Plan to join the International Concrete Repair Institute (ICRI) in Philadelphia, Pennsylvania. Whether you are a novice or seasoned professional, this is your best opportunity to expand your understanding of concrete repair, protection and restoration through networking, technical sessions with PDH credits, and participating in ICRI committee meetings.

2019 ICRI FALL CONVENTION
November 11-13, 2019

“Historic Restoration: The Art and Science of Preserving Structures”
Double Tree by Hilton Philadelphia Center City | Philadelphia, Pennsylvania

You can expect another dynamic convention featuring concrete repair industry experts sharing their expertise with you. As always, your ICRI committees will be meeting throughout the convention and it is important to remember that all committee meetings (with the exception of the Fellows and Nominations) are open for anyone to attend.
The North Texas Chapter is always looking for ways to expand or refine the newsletter. If you have suggestions on what we should include in the newsletter, new ideas, articles, or things we need to cut-out please send those comments to Jon Carrier (jon_carrier@midcontinental.com).

Did your business card not make the newsletter? Don’t worry. We can include you in future issues of the newsletter. Please contact Jon Carrier (jon_carrier@midcontinental.com) for information.

Don’t delay as our newsletter ads operate on a calendar year.

Get Surface Repair Certified!

Why should my company have ICRI-certified Concrete Surface Repair Technicians (CSRT) on staff?

The ACI 562-16 concrete repair code commentary states that CSRTs are qualified to perform testing and inspections required by the Design Professional. Look for this requirement to become more prevalent in the coming years as, ACI 562-16 is becoming more widely recognized. Plus, better quality control and quality assurance start with better training!
